

A Wheel within a Wheel

Preface

This book is being created in real time. Chapters will be posted on this page as each chapter is completed. This book is a compilation of over 400 hours of broadcast time and 3 books. The nuggets have been taken out of those shows and books to give you an understanding of the times we are currently in which is the 'Time of the End.'

It is a way to bring you up to speed on the current prophetic understanding that we now have on the Tribulation. The different elements found in the book of Revelation will each be explained. Look at the end of these pages for a listing (not necessarily in order) of what subjects will be covered and explained.

This book is "This Gospel" spoken about in the Bible. It is the "as it were a new song" that the 144,000 sing. It is the prophetic understanding of where we are and where we are heading.

You will find subject matter referenced within these chapters that have not yet been published. Have patience. They will be coming soon.
